BOARD OF PENSIONS

The Committee on Pensions reported through the Chairman, Mr. Harrison S. Mulford. Pending action on the report, Synod was addressed by Rev. Reid S. Dickson, General Secretary of the Board of Pensions. The report was received and the recommendations adopted.

In these remarkable days it is a wonderful experience for each one of us to realize and know, as Paul did, "that all things work together for good to them that love God, to them who are called according to His purpose."

In 1717, nearly six decades before the signing of our Declaration of Independence, our church recognized the need of old ministers, their widows and orphans, the need was met by the church through general and individual giving. In 1909, a new method of meeting this need was established in which both the ministers and the church had a financial responsibility; the Sustentation Plan—purely voluntary, ministers paying one-fifth, the church at large four-fifths of ten percent of their salaries, in 1927 this plan had 2300 in active membership, slightly less than one-third of the active ministers.

By this time the problem of old age pensions had rapidly grown in public recognition, especially in the public school system and in the colleges. So after thorough study our church adopted in 1927 a Service Pension Plan with the objective of protecting all ministers, ordained workers, their widows and orphans and ultimately replacing the sustentation plan and finally eliminating all Relief.

As of March 31, 1941, there were 11,495 individuals, financially participating in the activities and services of our Board of Pensions. For example, of the 1222 annuitants on the Relief Roll, Ohio Synod has 69, under the care of the various Presbyteries in the Synod.

The Board received a total of $9,189.39 from the Synod of Ohio in Relief Benevolences for the year ending March 31, 1941 and paid out a total of $17,489.60 in Relief grants in our Synod.

Of the 10,217 premium paying members and pensioners under the Service Pension Plan, 386 are recorded as members of the Presbyteries in our Synod, in addition 217 are pensioners, or a total of 603 under the Service Pension Plan within the bounds of the Synod of Ohio.

The pensioners are grouped as follows:

65 year	104	Receiving	$43,881.43
Retirement	7	Receiving	2,889.25
70 year—Automatic	12	Receiving	4,596.50
Service Retirement	5	Receiving	2,621.18
Disability	10	Receiving	5,648.79
Widows	68	Receiving	19,595.26
Orphans	11	Receiving	993.00
Total	217	Receiving	$80,225.41

That is, the Board of Pensions is paying a total of $80,225.41 to 217 pensioners under the Service Pension Plan within the Synod of Ohio.

In the Sustentation Department out of 1579 pensioners there are 96 persons in this Synod receiving pensions in accordance with the following table:

65 year	35	Receiving	$14,416.08
70 year	23	Receiving	9,377.60
Disability	2	Receiving	710.00
Widows	36	Receiving	7,744.42
Total	96	Receiving	$32,248.10

Of the 625 members in the Employees Pension Plan, 15 members are employed within the bounds of the Synod of Ohio, but there are no pensioners.

The total of pension and annuity payments to all groups in Ohio Synod at the present time is $130,222.20 per annum basis.

Steady progress is being made in the matter of research and analysis to determine a procedure most consistent in best meeting the vast and drastic changes in fundamental factors and adjusting them to the Service Pension Plan. The year just closed has seen efficient, economical administration and the morale of the very faithful working force of employees is excellent.

After studying the general situation with the idea of determining just what we in Ohio can do to give loyal cooperation at this time these three Recommendations are given for consideration and action.

Recommendations

1. That the Synod of Ohio remind the Presbyteries that the Relief Department is continued only in order to care for those ministers who retired from active service prior to April 1, 1927, or for the widows of such ministers.

2. That the Synod of Ohio appeal to all its Presbyteries that they call upon all pastors and sessions to accept personal responsibility to see that each congregation send the full quota of all its benevolent contributions allotted to the Board of Pensions to the Treasurer of the Board or through the authorized receiving agencies.

3. That the Synod of Ohio approve the continued effort of the Board of Pensions to clear its books in the case of delinquent dues, and approve the following schedule for the pay up of dues:—Payments due for the years 1938-1939, 1939-40 and 1940-41 are to be completed on or before November 15, 1941.

HARRISON S. MULFORD, Chairman

On motion the Synod expressed its confidence in the Board of Pensions. The vote was unanimous.

UNITED PROMOTION

The report of the Committee on United Promotion was given by the Chairman, Rev. Homer G. McMillen.

Pending action on the report, Rev. C. T. Griswold was invited to address Synod. The report was received and the recommendations adopted.

Your United Promotion Committee held three meetings during the year: two in Columbus, in November and June; and the third, today, in Wooster.

The name of our committee, United Promotion, indicates the responsibility which the Church has reposed in us—to unite all our varied agencies and assist them in moving forward the great enterprise of The Kingdom of God through the Church. We are therefore a coordinating and co-operative body striving to bring to pass unity of mind and purpose in all the problems that face our beloved Church that unitedly we may stand as a solid phalanx for the growth of the Kingdom which is everlasting. "Thy Kingdom is an everlasting Kingdom, and thy dominion endureth throughout all generations."

When we review the past year we have some things over which to

rejoice and give thanks to God. The Sesqui-centennial Fund has more than passed the ten million dollar mark which was set for it. Many of our churches participated in the campaign and were enriched by it. Those who did not cooperate are the poorer. One of our Presbyteries made a ten per cent increase in her gifts to the Boards the past year. This is moving in the right direction and going on "from strength to strength." Other presbyteries made gains and some according to their own confession simply marked time, but as a whole we find ourselves moving in the ascending series. The most notable example of progress in any individual church which came to our attention was in one of our larger presbyteries, comprising seventy-three churches, in which a church carrying a debt of $180,000 reached third place in her benevolences and received 105 persons into her fellowship. It is needless to say that this church is also reducing her indebtedness.

We recently held a Planning Conference in the Synod which proved to be enlightening, interesting and thought-provoking. We took inventory of our possessions. We made note of our failures as well as our accomplishments that we might face intelligently the tremendous challenge of today; and with a glow of expectancy upon our faces, and with hearts burning in a holy passion of enthusiasm let us go forth to garner in the unharvested souls of the world. God is calling Ohio Presbyterians in trumpet voice to be witnesses for Him. Are we satisfied with our past witness bearing?

And now what the Synod has done we are asking Every Church in the Synod to do, viz. to have a Planning Conference early in September and find out the "status quo." Review briefly the work of the past year. Find out where you stand. Are you measuring up to the average for the Church-at-large, or are you in advance of the average, or are you lagging behind? Then and there set definite goals and objectives and resolve to meet them or know the reason why. This will be practicing the science of Christian mechanics. It is sound business. It is a common sense view of the Kingdom. It is Scriptural. It is founded upon a Pauline foundation couched in the practical phrase, "Not slothful in business, fervent in spirit, serving the Lord."

One great pang to all our hearts today, not only in Ohio, but throughout our vast communion is that while we are receiving members of promise through the front door nearly 50,000 souls are passing out the back door, lost to all Kingdom purposes. How shall we stop this drift? This is our great concern. We must resolve to show more interest in the people after they come into the Church and give them some specific task to perform. We must indoctrinate them. We must show a loving interest in them. We must do a better job at shepherding the flock. Why did Jesus say over and over again: "Feed my Sheep" and "Feed my Lambs?" He knew the frailty of man and how prone we are to waste our time in matters which seem important to us and yet miss the great essential matter of feeding the people of God with nourishing food, lest they become anemic, sickly souls, victims for hospitalization instead of Kingdom builders. The Church has the answer for every problem of our age. Her task may be, yea is, herculean, but it is possible of accomplishment through our crucified, risen, ascendant, triumphant and Ever Living Lord. The Church is the Kingdom of God at work on earth. She is the representative for the King Immortal, Invisible, the only wise God. Christ is the King. He is the life-giving power of our organization and the dynamic which keeps all the organizations moving forward to one magnificent and eternal purpose—The Evangelization of the World.

What do we need in this Synod? What do we lack? We need a re-vitalization. We need to stir up the dead bones and make them live anew. So long as we have churches of over 400 members giving as

little as $10.00 per year or two and one-half cents per member to Missions there is danger for that church lest her candlestick become extinct.

We have one church of almost 300 members that gave nothing either from the congregation or the women's organizations to benevolences, and it was not pastorless. This moves us to ask when will these dead bones live? Is it not a sad commentary on our churches to know that only thirty percent of our membership the past year made an offering to Missions and that fifty four percent of our Protestant communion are giving nothing to the financial support of the Church? We as a committee hold before you as the best approved method of financing the Church—The Every Member Canvass. How thorough is that Canvass?

And now as we consider the times in which we live, with the vast national defense program moving rapidly forward, does it not behoove us to keep the Kingdom of God in the forefront of all our thinking? We want to be loyal to our Government in these days of testing. Our best loyalty can be manifest in the mobilization of all our spiritual and financial resources. No Stalin, no Mussolini, no Hitler can permanently thwart the divine purpose of Almighty God. We know not what the days ahead may have in store for us for we are caught in the maelstrom of a heathenish philosophy of life which may bring to us increasing disasters; but, thank God, we are Christians with great and sublime convictions which prove sure and steadfast and an anchor to the soul. Our Christianity is no fleeting fancy but the hope of a dying and dismembered world. In the sign of His cross we will conquer all our enemies and with the eye of faith look forward to that glad day when "all the kingdoms of this world shall become the Kingdoms of our God and of His Christ."

G—YOUTH BUDGET

The chairman of the Youth Budget Committee of the Synod reports that the number of churches using the Youth Budget plan has increased from 100 to 149 within the past year. This splendid increase is due to the cooperation of the Synodical Society and the Youth Synod which now has representatives on Synod's committee, as well as to the fine cooperation of the Youth Budget chairmen in the various presbyteries. If this rate of increase can be continued it will not be long before all of the churches will be found using the plan.

Cincinnati is determined to become the first large city in the country in which every church is a Youth Budget church.

G. B. RICH, III, Chairman

Recommendations

1. That in the Spiritual Life program for 1941-42 there be included the following from the programs of previous years:

   A The World Wide Communion Day, October 5.

   B The Planning Conference, in Synod, the Presbyteries and the individual church.

   C Definite goals for every church.

   D A program of stewardship to educate the Church in habits of Christian giving.

2. That THY KINGDOM COME, the material prepared by the United Promotion Committee of the General Assembly, be used in the presentation of the spiritual emphasis for the year 1941-42.

3. That the Presbyteries give unity to their programs and activities through the Committees on United Promotion in the interest of the spiritual emphasis of the year and the budgets of the churches and the benevolences of the Boards.

4. That Committees on United Promotion give diligent attention to the question of church benevolence quotas, making careful assignment if possible, securing acceptance of the same and promoting all efforts to assist the local church in realizing its goals in church support and benevolence.

5. That Synod's Committee on United Promotion be instructed to form an honor roll of all those churches in the Synod which, in the previous year, contributed 20 per cent, or more, of the total budget to the Boards of the Church for Benevolences (including the gifts of the Women and Young People for benevolences); and that the names of these churches be printed in the Minutes of Synod. This means: 20 per cent of total budget for benevolences; 80 per cent of total budget for current expenses.

6. That Synod's Committee on United Promotion be instructed to list all those churches in the Synod which contribute only 10 per cent or less, of the total budget to the Boards of the Church for Benevolences (including the gifts of the Women and Young People for Benevolences). That these churches be referred to their respective committees on United Promotion in the various presbyteries, with instructions that the United Promotion Committee of Presbytery contact personally the ministers and sessions of these churches, and that they endeavor to work out a plan whereby such churches will lift the level of their giving.

7. That every effort be made to continue the advance of the Youth Budget and bring about its adoption in the churches of the Synod.

The Committee requests of Synod, through its Finance Committee, the sum of two hundred, fifty dollars ($250.00) for the work of the committee in 1941-42.

Respectfully submitted,
HOMER G. McMILLEN Chairman

A special word of welcome to the newly elected Moderator and an enthusiastic word of appreciation and regard for the retiring Moderator, Rev. Jesse Halsey was presented by Rev. Wm. Bishop Gates, Presbytery of Cincinnati. This resolution was received by the Synod by a rising vote.

"Welcome the coming, speed the parting guest." We all know well the sense of relief and yet of emptiness which came over us at the termination of a term of office. This afternoon we "welcomed the coming guest," our new, beloved Moderator, Dr. McMillen.

And now in all modesty I rise to speak one word to put us on record likewise as "speeding the parting guest"—our greatly beloved Jesse Halsey. He has served the Synod with the same fidelity and distinguised ability as he has for the past 27 years served the great Seventh Church of Cincinnati; and for this last year he has likewise served the Synod.

To all who love to pray his book of prayers has been a precious inspiration; to all who need advice he has been as wise as a father in Israel; and for those who are under heavy stress or in need of sympathy that springs from an unfailing spirit of combined wisdom and intuitive understanding, of tenderness and strength he has been a present help in time of need. Cincinnati is going to miss Dr. Halsey, very, very poignantly and so likewise this Synod will miss the gracious and strong leadership which he has so effectively given.

May I through this brief minute, move that we as a Synod, hereby express to Dr. Halsey our deep appreciation of his services as retiring Moderator and bid him God speed as "Our Parting Guest" and our Friend as well.

REPORT ON THE OHIO COUNCIL OF CHURCHES

The report was read by Rev. Wm. F. Schuler in the absence of the Chairman, Rev. Wm. H. Huber. Pending reception of the report, Rev. B. F. Lamb, Secretary of the Council was heard. The report was received.

Among the activities of the Ohio Council of Churches this last year, was the completing of the merger of the Ohio Council of Churches and the Ohio Council of Religious Education. At the meeting of Synod last year, reference was made to the proposed merger of these two organizations.

We need to be reminded that a union involving two long established organizations, both having extensive programs, could not be accomplished in a short time. Such a merger concerns matters covering a long period, and many details pertaining to the functioning of these two organizations as one, and will take a long time to perfect. It is encouraging to note how new loyalties to the combined organization are being developed and an inclusive interest is being established. Progress is being made and prospects are bright for extending the program of United Protestantism in all its phases, in the state of Ohio. The Council continues under the able leadership of its Executive Secretary, Dr. B. F. Lamb.

THE OHIO PASTOR'S CONVENTION has become an established event of the church year in Ohio, bringing together ministers of all Protestant denominations, under the guidance and inspiration of speakers and discussion leaders of national reputation. Let us be reminded that the Ohio Pastor's Convention is the pioneer convention of its kind in our country and has existed for 21 years. A convention was held January 27 to January 30, 1941, when nearly 900 registered and many others paid single admissions and attended one or more sessions. The convention again provided great inspiration and extensive plans are already being made for an unusually fine convention next January.

RELIGIOUS EDUCATION. An extensive program in the various phases of Religious Education is being carried out in Ohio. The week-day religious education program is being carried on in 20 cities and towns of the state. 34 teachers are being employed and 25,617 pupils are enrolled. Ohio today has more permanent and distinctive programs of week-day instruction than any other state. This work will be carried forward until the 1,200,000 public school children of Ohio have an opportunity for week-day religious instruction.

The Daily Vacation Bible Schools are steadily being promoted. Especially notable is the Ohio Cooperative Summer Project, a Vacation School enterprize which has been carried on for several years in the needy sections of the state, with the active participation of seven denominations, under the field directorship of Rev. John Sharpe. This program has been heretofore confined to Southern Ohio, touching 250 communities and reaching 15,000 children. It is planned that this program may be extended to other areas, in other parts of the state.

Special children's work has been carried on by the Woman's Department of the Council in local communities and church schools in religious training for children. It is expected that a full-time and experienced worker will be secured in this activity. There are 700,000 children within the age group covered by this program. At least one-half of them are not reached by any church and 25 per cent are reached only superficially. It is hoped that the entire field may be covered in time.

YOUNG PEOPLE'S WORK. The United Christian Youth Conference which was held in Columbus November 21 to 23, 1940, was the most significant youth gathering ever held anywhere in the United

States. 2,700 were in attendance. The splendid cooperation of denominational youth agencies, in cancelling their fall and winter conferences, and supporting this one great meeting, contributed to this remarkable attendance.

The Christian Youth Council of Ohio functions as the youth department of the State Council, and is organized in 27 counties. This organization has been carried on with vigor in established cooperative work among young people. A full-time Director of Youth Activities has been employed to carry on this program and make it state wide. This organization carried out denominational festivals in various counties last spring.

LEADERSHIP TRAINING. Interdenominational training schools for religious educators have been promoted throughout Ohio. There were 41 such schools with 219 instructors and 2,535 students. It is planned to carry this work into the rural counties of the state and give assistance to local groups.

THE WOMEN'S DEPARTMENT of the Council has been exceedingly active. A most excellent conference was held last January with the theme, "Church Women in Action." Mrs. Ruth Mougey Worrell is the Director of this department. The women are also carrying on the significant migrant work in the onion march regions of Hardin County where much helpful work has been done with the children of migrant families. Three young women have been employed for 10 weeks, providing these children with training, as well as with proper food and clothing. The Women's Department of the Council joins with thirty other organizations in conducting an Institute on Family Relations. The budget for the department is $9,166.00.

THE MEN'S DEPARTMENT. Definite plans are being carried forward for the linking of the men of the church of the state in a program of interdenominational cooperation. The Ohio Federation of Men's Bible Classes has agreed to function as the Men's Department of the Council. Strong County Bible Class federations are being organized. A Laymen's Convention is being planned at Newark on September 13 and 14, to carry on the work. At the 1940 convention which was held in Zanesville last September, more than 1,000 men attended.

OTHER ACTIVITIES. The Ohio Council has also been active through its rural department, under the direction of Dr. W. H. Thompson as Director. He has been very active throughout the state, in the conference at Ohio State University, the Rural Minister's Camp School, the Christian Rural Fellowship, and in the rural life institutes, as well as working at the Ravenna Ordnance and the Leesville NYA Work Center area, and in the annual Farmer's Week.

The Ohio Council continues to be active in the field of comity. Nearly 200 consolidated churches in Ohio are operating under the Principle of Comity.

The Motion Picture Committee apparently has done effective work in providing motion pictures for use in churches at moderate cost. The pictures "King of Kings" and "The Life of St. Paul" have been widely shown.

The Legislative Department continues to be active in the promotion of County Option and cooperating with the Anti-Saloon League and the W. C. T. U. and other organizations.

THE OHIO CHRISTIAN NEWS. We continue to appreciate the Ohio Christian News which reaches every minister in the state. It is most efficiently edited and attractively bound. The magazine is a splendid evidence of the great work of our council. It carries the important news which the ministers of the state desire to have. The council is to be commended for the publishing of this fine magazine.

FINANCE. The total income of the Ohio Council in 1940 was $49,313.65. This includes the amount received to apply on debts and

separate receipts of the Council of Religious Education before the accounts were merged. The budget for 1941 totals $71,815.00 including provision for full payment of the bank loan, amounts for the employment of full-time workers in the fields of young people's activities, children's work and week-day religious education, and the financing of the new department of Church Men.

The report of the Rural Survey Commission was presented by the chairman, Rev. F. H. Eastman. The report was received and the recommendations adopted.

Your Commission, after a year of hard work, brings to you a Report of Progress. All members of this Commission are active Pastors with the heavy duties of a town and country Parish. Therefore limited as we all are in the matter of time, the Survey work moves slowly. We have made very definite progress and added new developments in the scope of our work. Summarizing the past year's efforts:

1. A Planning Conference was held in Columbus early last fall, with Dr. H. N. Morse, of the Board of National Missions present. At that time the work for this was outlined, important changes in procedure suggested and adopted, and responsibility for the Commission's work equally divided among the members.

2. Studies of various town and country situations have been requested by four of the Presbyteries. These studies are now in progress, with some nearly complete. Others have progressed slowly because of conditions on the field, distance from members of the Commission or other conditions beyond our control.

3. Members of the Commission, from one to three, have attended each of the several Conferences of the Rural Church Committees of the various denominations. These were held in Columbus and were called by the Rev. Dr. W. H. Thompson, Rural Secretary, Ohio Council of Churches and Religious Education.

4. Assistance has been given by the Chairman and members of the Committee to some experimental solutions for securing pastoral service. All of these cases have required cooperation of other denominations with one of our Churches, or cooperation on our part with a Church of another denomination. Thus far good results have come from these situations and grave problems have been met.

5. Conferences of Town and Country Pastors have been held in Athens, Steubenville and St. Clairsville Presbyteries. At these conferences there was a general discussion of successes in rural fields, a careful consideration of some outstanding problems, and the active Pastors were given an opportunity to make suggestions and present criticisms. These Conferences were eminently successful and the men requested unanimously that they be held annually. The Synod, through the Commission, entertained the Pastors at lunch. Many drove 75-100 miles to attend the Conference. Two afternoon conferences were held in Portsmouth Presbytery.

6. We have worked with the Board of National Missions, and are glad to report that this year at the Leadership Training School at Wooster there is to be a course on the Town and Country Church Program with Dr. Henry S. Randolph and Rev. Harry Bicksler as leaders. The inclusion of this course in the Training School has arisen from a very definite need expressed by the Pastors in service in rural fields. We hope that it will be a part of the School yearly henceforth.

In conclusion, the situation of the Town and Country Church during the past year has become greatly changed in many areas. Many young men have either enlisted in the Army or other branches of Service, many have gone to our industrial centers for employment in Defense Industries, and others have been called to a year of training

under the Selective Service Act. Many men, with their families, have left for urban employment. Generally, the population gains of the past ten years in rural areas have already been entirely wiped out and today our Town and Country population is practically back to the pre-depression levels. This has happened with a suddenness that has been very disturbing to the on-going life and program of many of our small Churches. In many cases it has created a serious problem in leadership, and has emphasized again the need of a great leadership training program, as well as the necessity of a Church program which prepares rural youth for urban living, if they choose to leave the rural areas as well as rural living. As yet the pick-up in our Industrial and urban areas has had little effect in town and country areas financially. However, the effect is slowly being felt, but will be more as time goes on.

This past year, even with these conditions, has been one of the best of recent years for Town and Country Churches, with increasing interest, and attendance being generally reported and the broadening of Church programs quite the usual thing. Cooperation is making greatest strides in rural fields as population changes, economic situations, and the good common sense of practical Christianity bring groups into closer relationship for their mutual well-being.

In order that our work may be completed, needs of the town and country areas be better understood and met and that our Church may be able to strengthen the non-urban Churches of the Synod, we, as a Commission, respectfully submit to you the following recommendations:

(1). That this Commission be continued another year, but with its name changed to the Town and Country Church Commission. For membership of this Commission: O. L. Willetts, Harry Bicksler, Dr. John Sharpe, Louis Campbell, and Fred H. Eastman, Chairman.

(2.) That the studies, now under way, be completed—with new ones added as necessity may require; but that all be completed as soon as possible.

(3). That Conferences of Town and Country Pastors be held in as many of the Presbyteries as possible,—at the request of the Presbyteries or of the General Presbyters, with the Pastors attending being provided with a lunch out of the Commissions' funds.

(4). That at least $100, and if Synod s funds will permit $150, be provided the Commission for expenses this year.

(5). That we give wholehearted cooperation to the Rural Dept. of the Ohio Council of Churches and Religious Education and the Home Missions Council in the projected National Rural Mission—"The United Christian Advance in Rural America" March 2-6, 1942. The success of this great program will in a large measure depend upon the cooperation of the various denominations.

(6). That Synod of Ohio, the Board of National Missions of the Synod and Presbyteries give careful study and thought to providing Scholarships for Town and Country Pastors of ability, promise and good work that they may be able to attend:

a. The Leadership Training School at Wooster College, or
b. The Rural Pastors' School at Camp Ohio.

If we are ever to achieve the attendance of many of our Pastors at Camp Ohio, it will necessitate financial assistance to those who attend. Many would go each year, but finances make it impossible. Our men have small salaries and heavy travel expense. If we are to have a good attendance of Town and Country pastors at Wooster Leadership Training School assistance must be given.

1873-1941

Hon. Stephen Calvin Wright, Vice Moderator of the 60th Annual Meeting of The Presbyterian Synod of Ohio after a two weeks illness died July 16th. Judge Wright was a man of high honor and integrity who possessed the capacity for noble living. His life was as an open book with no sham or pretense in evidence. He was a trusted Elder in the First Presbyterian Church of Cedarville for many years and the Teacher of a Bible Class; a Trustee in Cedarville College, and Judge of the Probate Court in Green County from 1916-1936. He served on different committees of responsibility both in Church and State and as a climax' to service the Vice-moderatorship of the Synod. His was a consistent life characterized with unity of purpose and rightful decision from the beginning to the end. Funeral services were held in the First Presbyterian Church of Cedarville when a large company of people gathered to pay their tribute of respect in charge of his Pastor, The Reverend Benjamin N. Adams, a former Pastor Dr. Dwight Guthrie and Dr. Homer G. McMillen as Moderator representing the Synod. A great and good man has gone out from us whose passing reminds us of that character in Pilgrim's Progress, Mr. Valiant-For-Truth of whom it was said "And so he passed over, and all the trumpets sounded for him on the other side." Servant of God, WELL DONE! H. G. Mc.

The Committee on Nominations to Synod's Council was instructed to bring nominations for Permanent Judicial Commission and Trustees of Synod.

Papers in the hands of the Stated Clerk were placed in the hands of the Committee on Bills and Overtures.

NATIONAL MISSIONS

The report of the Committee on National Missions was presented by the chairman, Rev. E. B. Townsend. Rev. J. Stanley Harker spoke for the Evangelistic Department and Rev. John Sharpe for the C. I. & I.

Pending action on the report, Dr. George Taylor, Jr., of the Board of Foreign Missions, addressed Synod on the work of the Board of National Missions, especially in the Southern States.

The report was accepted and the resolutions and recommendations adopted. The audited reports were received and ordered printed. (See Appendix for Reports)

Fathers and Brethren: Once a year we have to talk business. This is the hour when we hear the report on National Missions in Ohio, face

our problems and square ourselves away for the tasks of another year of Christian service.

The Ohio situation with regard to National Missions is somewhat encouraging and gives us hope for better days to come, for this last year we did a little better than the year before. But the possibilities of the field constitute a great challenge to our Presbyterian Church.

Government statistics indicate cessation of growth of many large cities, and return of many people to villages and country. This trend indicates the importance again of the village and country church.

The rapidly increasing Negro population in the North indicates an expanding field of opportunity for National Missions. The Woodland Avenue Center in Cleveland is cited as a good example of the kind of work needed.

The Board calls our attention to the tendency of foreign language churches to fade out. But their membership should be held together by racial and family traditions.

Significant: As Christian, Baptist, Congregational, Methodist, Presbyterian churches die in certain sections, Pentecostal, Nazarene, and Four Dimension Gospel churches are opened and thrive. What have we lost that they have found? We are not meeting in an efficient manner some of our under-privileged groups. We need to meet the new conditions of modern life.

At a recent meeting of your Committee on National Missions, a careful survey was made of the work in the various Presbyteries, and it was shown that, by and large, we have held our own and have even made some gains.

The list of vacant churches has been reduced to the smallest number in many years. The various special missions efforts, such as Campbell Christian Neighborhood House and kindred activities, have been well supervised. Nearly 100 aid-receiving churches have shared in the financial help received from the Board of National Missions. Industrial centers, mining centers, rural communities, and migrant families in the onion and sugar-beet fields have received consideration and been helped where help was deemed advisable.

In 1939-40, the gifts of the entire Synod (fourteen presbyteries) to the Board of National Missions were $79,954.05; in 1940-41, we gave $80,590.80, or an increase in giving last year of $636.75.

The gifts from the Women and Young People in 1940-41, in the Synod of Ohio, totaled $76,936.47. This represents a considerable increase over the giving of last year, and more than two thousand dollars beyond the Apportionment. We rejoice with the women in this achievement.

The Grand Total for the Synod of Ohio in gifts to the Board of National Missions for budget causes in 1940-41 was $157,527.27.

The Estimate of Income for the Synod in 1941-42 is $87,000 divided as follows: Cleveland Presbytery, $14,000; Cincinnati Presbytery, $16,500; the remaining twelve presbyteries, $56,500.

Athens	$ 880.87	Portsmouth	$ 2,851.49
Columbus	7,736.17	St. Clairsville	3,967.84
Dayton	7,331.07	Steubenville	4,326.83
Lima	2,281.68	Toledo	3,189.61
Mahoning	12,980.52	Wooster	3,792.11
Marion	2,620.62	Zanesville	4,541.19

What is meant by our ESTIMATE OF INCOME? The Estimate of Income is the amount the Board of National Missions counts on in actual gifts from Ohio for a given year, on the basis of which an appropriation for National Mission Work in Ohio is made for that year. We tell the Board what they can count on from us, and they tell us

what we can depend upon from them for our Ohio work. The Estimate of Income is not a "quota," but an attainable goal which is expected to be actually attained. If we realize the Estimate of Income, there is no cut in our Appropriation; if we fail to realize our Estimate of Income we do suffer a cut in the Appropriation for the work of National Missions in our Synod.

In view of the nation-wide preparedness program, some Ohio communities are experiencing the influx of many new families, and the rather upset social conditions attendant thereto. Our workers in and around these defense activities report that to date no specific need for Presbyterian help has developed that cannot be taken care of locally. The situation is being carefully watched, however, with the idea that the Church may be able to render a service later on.

Our Board of National Missions reports a decrease in income from invested funds and all non-living sources and because of this is asking presbyteries, presbyterials and Sunday Schools to increase their giving in 1941-42 by 6.9 per cent over last year. This must be considered the minimum if we are to keep our work going on the present basis.

The Board is now carrying on 6,544 mission enterprises, and has 3,227 missionaries on the field.

The year 1941-42 is still Ohio's opportunity year. There is a pick-up in business. Why not a pick-up in religion as we increase our gifts and thus provide through increased material means for increased spiritual advance. Last year, excluding the two presbyteries which budget separately with the Board, we were only about $1,500 short of our Estimate of Income. If we all pull heartily together this year we can undoubtedly get "out of the red" and into the black where the Ohio Synod belongs. Ours is the fourth largest Synod in our denomination. We used to be self-supporting and gave additional gifts to aid weaker Synods. Let us swing into self-support this year and begin to help others, thus making National Missions actually national. The price of an ice cream cone given by each of our 163,000 Ohio Presbyterians would make us self-supporting. Shall we do it?

The Board of National Missions is prepared to supply literature, motion pictures, and many other valuable helps for churches wishing to use them.

In full consciousness of our human limitations, but with abiding trust in the leadership of our Lord, we face the future with courage and hope undimmed, convinced that this is God's work and must prevail.

We present herewith the audits of A. L. Peters, C.P.A., of the following accounts (including statements of invested funds) covering the period April 1, 1940 to March 31, 1941:

General Presbyter Service
Synodical National Missions
City, Immigrant and Industrial Department
Presbyterian Home Missions

and ask that these be accepted as the financial report of the Committee and that they be printed in the minutes of the Synod.

EDWIN B. TOWNSEND, Chairman,
National Missions Committee

Resolutions

1. The Synod expresses to all mission workers within its bounds hearty appreciation of their several and collective services, and assures them of loyal support in their Christian efforts.

2. The Synod extends to the Women and Young People of Ohio hearty congratulations and Christian greetings in their tireless efforts for the Kingdom of God's love.

Recommendations

1. That pastors and congregations be urged to cooperate in observing special Sundays set aside to National Missions with a special offering for the Board of National Missions; such as Thanksgiving, Lincoln Day, and Children's Day.

2. That the Synod of Ohio set itself resolutely to become a self-sustaining Synod this year in the field of National Missions.

3. That Presbyteries be urged to study carefully aided fields with the object of encouraging reduced askings where advisable, and doing all things possible to bring these fields to self support.

4. That pastors and people be urged to use the Board's literature, "Thy Kingdom Come," in study classes, mid-week meetings and societies that there may be provided an Evangelistic Mission in every Presbyterian church.

5. That Synod emphasize the use of the pamphlet THE INVITATION COMMITTEE published recently by Dr. J. Stanley Harker, chairman of Synod's Department of Evangelism, which has proved its great value where ever tried. (It can be secured through the Synod office in Columbus.)

6. That Synod commend the National Missions study course for 1941-42, THOROUGHFARE FOR FREEDOM. This material on "Christianity and Democracy in America" refers particularly to National Missions.

The report of the Ohio Board of Home Missions was presented by Elder R. J. Kiefer. The report was received and the recommendations adopted. M. L. Milligan was elected as Trustee for a term of five years to succeed himself. (see Appendix for Report)

The report of the Committee on General Presbyters was given by Rev. E. B. Townsend, Chairman. Pending action on this report Rev. A. W. Bloomfield, General Presbyter of Cleveland Presbytery spoke on the recent Planning Conference. Rev. Clarence S. Gee presented the following resolution which was referred to the Finance Committee.

We recommend that in the year 1941-42 the following provision be made to finance the Planning Conference of Synod: That, as far as possible unused balances of committee appropriations be used; and if necessary an additional appropriation from the treasury of Synod be approved to the amount of $450.00 as a Grand Total.

The report of the General Presbyters was received.

Rev. E. H. Montgomery, Secretary, reported for the Ohio Presbyterian Homes. The audited report for the year was filed with the Stated Clerk. Pending action on the report, Synod was addressed by Rev. John H. Lamy, new President of the Board. Rev. Harry W. Barr was introduced as the

new Superintendent of the Homes. The report was approved and the following action taken.

On motion the action of the Board of Trustees in electing Rev. Harry W. Barr as superintendent was approved.

A rising vote of appreciation for the efficient service of the retiring Superintendent, Rev. E. H. Montgomery was given by the Synod.

The United States Department of Labor, has just issued a report on homes for the care of old people in the United States. This report, the first of the kind to be issued, is particularly concerned with the changes which have taken place since the passage of the Federal Social Security Act. It contains a list of all homes for the aged, with their entrance requirements, their capacity etc.

Attention is called in the report to the various means which have been resorted to in this country for caring for old people who are without homes or relatives to support them and those who, possessing means, lack the ability or the desire to run establishments of their own. The almshouse has been a traditional way of caring for destitute old people.

Synonomous with these tendencies brought about largely by the Federal Social Security Act, the established homes for the aged have been going on the even tenor of their ways and it is interesting to note how these homes have been affected by the Social Security Act.

These institutions are called by the State, private homes in contrast with state supported institutions. The state classes them as wholly charitable if the residents provide none of the means of their support, or benevolent if the resident contributes something toward his support. Most of these homes are of the latter class, benevolent. Not only does no social stigma attach to residence in these homes but such is the extent of public acceptance that many of them contain guests who are financially able to maintain themselves elsewhere, but who prefer the care and companionship available in such a home.

The depression has had a telling effect on many of these homes, especially those which were dependent on their investments. Eleven per cent of them have been forced to close and some are still operating at less than capacity.

There are now 1428 of these homes in the United States with a capacity of over 100,000. In Ohio there are seventy-five.

Practically all of these homes have a minimum age limit. In some it is sixty. In most of them it is sixty-five. Our minimum age limit is sixty-five.

Most of the homes require some contribution from the resident in the form of an entrance fee. The fees average from $300.00, to $2000.00, up. Our entrance fee is $600.00.

On the principle that the home takes the place of relatives or friends, most homes require in addition to the entrance fee, the turning over of such property as the incoming resident may possess, usually on any annuity basis. This is our policy. Our home pays 4 per cent annuity on all funds turned over in excess of the entrance fees.

In the great majority of homes the entrance fees and other funds brought by the residents do not begin to meet the expense of maintenance. Practically all homes have a sponsoring organization. A tabulation of the figures shows the residents in our home have provided in round numbers one-fifth of the amount required to maintain

the home, and while we do have some income from other sources, chiefly the return on our investments, we are still dependent on our sponsor, the Presbyterian Church in the Synod of Ohio. Our askings of the churches have been materially reduced but we still must look to our sponsor to provide more than half of our financial requirements. Without the continuing support of the churches, the Home could not continue in successful operation.

We have just closed another successful year of operation. Forty-two contented, appreciative Residents grace the rooms of our Home. Sixteen of them are over eighty, ten are eighty-five or over, one is past ninety-four and one has passed her hundredth milestone. This one has been on our waiting list since she was ninety-eight. The Home does not claim the credit for her great longevity for she has come to us only recently. If the Home can prolong her life for a few more years, it will be something for the other Residents to write home about. The average age of the Residents at the present time is 77.7 years.

Six of our Home Family have gone to their long Home during the year. One of these had been in the Home Seventeen years, one fourteen years, one eleven, one ten, one nine and one four. This is an average of 10.8 years in the Home. Of the eight newcomers, one comes from Wooster, two sisters from Fostoria, one from Piqua, one from Westerville, one from Van Wert, one from New Philadelphia and one from Greenville.

There are twenty-four applications on file and a hundred and seventy-five inquiries from persons wanting to know when and on what conditions they could be admitted.

The Home property is in a good state of repair. The equipment, mostly electrical, is in good running order. We have the usual three acre garden with an acre and a half planted in potatoes. In the poultry houses are five hundred young chicks with seventy-five hold-over laying hens. The present prospect for a crop of peaches, plums, pears and apples is promising. The landscape has been improved with shrubs and trees and we are indebted to Mr. C. A. Andrews, one of the Residents, for a profusion of lovely flowers.

On the farm there is a new tenant, a young man who is ambitious and aggressive. After several years interruption by participation in the soil-conservation program, we are getting back to the regular crop rotation farm program and things on the farm are looking up.

During the year the Home received Legacies and Special Gifts as follows:

Joel U. Adams	$ 266.83
Elizabeth Eichelberger	200.00
Katherine Ellison	50.00
Elizabeth Ferguson	4,031.42
Catherine VanWie	848.56
Total	$5,396.81

Financially the Home is in the best position in its history. For years we have followed the pay-as-you-go plan. We have lived within our income and each year have been able to lay something by. The policy of keeping intact the funds brought by Residents in excess of the entrance fees, has been adhered to. These funds are held as trust funds during the life of the Residents and at their death they are transferred to endowment. The indebtedness was wiped out over a year ago and now legacies and special gifts go to swell the endowment fund.

In the annual audit are listed four pages of diversified securities, bank and building loan stocks. These securities total $133,839.88. The

auditor stated this was the cleanest portfolio he had seen this year. An authority on securities to whom the list was submitted, ventured the opinion that these securities could be sold for one hundred cents on the dollar. The average income from the securities for the year was 4.6 per cent.

These securities are distributed as follows: In the Trust Fund on which we are still paying interest to living residents, $40,158.02; In the endowment Fund which is free of financial obligation, $61,080.76; In the Cash Reserve Fund which has been ear-marked for the addition to the building, $32,450.00.

Since April First, we have received a legacy of $6690.63, one of $1000.00, and a special gift of $491.18. This additional total of $8181.81, has been added to the Cash Reserve Fund, making a total in the Cash Reserve or New Building Fund of $40,631.81. The Board of Trustees voted to proceed with the addition to the building when $35,000.00, was in hand. Now that there is over $40,000.00, in hand, the way is open to proceed with the building as soon as world conditions warrant. This addition to the building is urgently needed. Three of the Residents who are confined to their beds and scattered over the building could be better and more easily cared for if placed together in more suitable quarters. Then from eighteen to twenty more people could be admitted if the capacity of the Home were enlarged.

And now a personal word. This is the nineteenth annual report of the Homes to Synod and the twelfth for me as Manager. The Home thus far has had a succession of three Managers, Rev. Daniel L. Myers was Manager for three years. Rev. Ralph M. Fox was acting Manager for three years and I have served for twelve years. Last September I requested the Executive Committee of the Board of Trustees to take steps to find a man to nominate at the annual meeting of the Board of Trustees in May of this year to take over the work of Manager. Rev. Harry Barr was nominated and elected at the annual meeting and he will take over the work September 1st.

In retiring I wish to express my gratitude for the opportunity of serving in this capacity for these twelve years. The greatest satisfaction has come, not from seeing improvements made in the physical condition and appearance of the premises; not from seeing the debt liquidated and a start made toward an endowment; not from seeing the major portion of the cost of the new building gotten together; the finest compensation, and that which transcends all others has to do with the human equation. It has come from seeing the lines of worry and other signs of anxious care give way to smiles of appreciation and expressions of gratitude for the privilege of living in a Home which provides the necessities of comfort and convenience, and the luxuries of kindliness and Christian love. For these years I have lived and thought and prayed and wrought in terms of the Home. The Home has come to be a pretty big part of me.

And now I look forward in September to my first care-free vacation in twelve years. I am reminded of Little Willie who, when asked if he studied his Bible replied "Yes, Sir," and who, when asked if he was familiar with the parables answered in the affirmative. Being asked which of the parables he liked best he said "I like the one where everybody loafs and fishes."

Respectfully Submitted,
E. H. MONTGOMERY, Secretary

Cropp then presented the report of the American Bible Society. The report was received.

Rev. F. W. Cropp, a member of the Synod of New York was invited to sit as a corresponding member. Rev. Mr.

GREETING FROM SYNODICAL

In connection with this report Miss Camilla McConahey, President of the Synodical and Mrs. Homer G. McMillen, wife of the Moderator were introduced to Synod. The greetings from the Synodical were brought to Synod by Mrs. John Sharpe, Secretary.

Mr. Moderator and Members of Synod:

Once again we have met to clasp hands with our fellow workers from different sections of our State and to sing praise to Almighty God and thank Him for the joy of meeting once more.

I deem it a high privilege to bring to Synod greetings from the Synodical group across the way. With the greetings I bring also a challenge.

You are workers and you are eager perhaps to know about the work that is ours; to know how much service we have given, and to learn something of the fruits of our love to Christ.

Love is the foundation of every decision for service. A burning love that expresses itself in doing.

A story is told how the archangel met Jesus when He ascended to heaven and said: Is it true you died for the world? "Yes." How will the world know about it? "I told Peter to tell everybody." Suppose he does not tell? "But Peter said he loved Me." Have we this boundless love? Then we can't keep from doing this great work.

The thought of the work to be done and the flight of time has ever been the urge of real achievement. Christ began as a boy of twelve with this sense of responsibility. Trace His works and we find Him dominated by the "I must"—not a goad which He resented, but the incentive of the Father's will to which He loved to respond. Such was His joy and fulfillment. Even so may it be with us.

"Who shall speak if ye are silent, ye who know and love His name?"

"Ye who have a mind to do and plan
With heart and brain to help your brother man,
Wait not until the time be over past;
The morning's climbed to noon, the night comes fast.

Tomorrow other needs may come and grow,
For pain, disease and death do hurry so,
And there be those who have in anguish cried,
Had I been there, my brother had not died."

The pattern of our lives shows a series of beginnings—a new day, a new week, a new season. Today marks the beginning of a new Synod and Synodical year together. Our common purpose—to know and to do the will of our heavenly Father—unites us in an invisible fellowship that spans continents and oceans.

The knowledge of a great need should be to us an open door of opportunity for service. Here and there in the Bible are word pictures which reveal some truths like a flash. The word "Door" is one of these. Our Lord used it. The writer of the Revelation used it likewise, when he wished to assure followers of Christ that there were opportunities open before them even amid hardship. Although the writer himself was probably at the time a prisoner on the rocky, lonely island of Patmos, he talked of "a door opened." Was it because he had discovered that God through his Son does set before every man some doors which no earthly circumstance or power can shut?

It is through us the voices of calls from far away stricken lands and places near at hand must be heard and answered. We cannot plead ignorance. To us, as to our nation's chief, knowledge of the need should mean opportunity for service and should prompt us with fuller consecration of heart, time, and purse, to the pledge, limited only by our individual ability and the ordering of God's providence.

There is much to encourage us in the past year's work, yet no worker feels that the best possible has been done. Progress in organization, in interest, and in giving has been made.

We would like the Synod to know that for the first time in many years the women of Ohio fully met the Synodical apportionment.

We feel that God has heard our united prayer and greatly blest our efforts.

On the other hand our hearts are saddened to learn through the Boards that the per capita giving of our Church has gone back to 1876.

We know what that means. It means cutting off Christian work in needy places: It means that young people who want to consecrate their life to the mission field cannot be sent out. It means lowering the Christian flag in many a place where our Lord would have us gather the people in. It means closing of little mission schools. In brief it means we have ceased to make new ventures for Christ.

The women of the Synodical would like to join hands with the Synod to help turn the tide, to bring our church up to the noble place she is well qualified to fill.

Our church has the talent and money but lacks the consecration which would harness together the talent and money. All this we firmly believe but we, the missionary women, think our church could well profit by freely doing, freely giving and freely sending.

Lord, help me live from day to day
In such a self-forgetful way,
That even when I kneel to pray,
My prayer shall be for—Others.

Others, Lord, yes, others,
Let this my motto be,
Help me to live for others
That I may live like Thee.

Recess was taken until 9:00 o'clock Wednesday morning. The session closed with prayer by Rev. H. G. Finney.

EVENING POPULAR SERVICE

The evening service was under the leadership of Rev. Jesse Halsey. The Scripture from Isaiah, Chapter sixth, was read by Dr. Halsey. Prayer was offered by Rev. Curtis R. Douglass.

The Convocation Preacher, Rev. James W. Clarke, preached on the theme: "The Lord God Omnipotent Reigneth." The specific theme of the evening was; "The Majesty of God."

WEDNESDAY, JUNE 25, 1941

The joint meeting of the Synod and Synodical was held in the Chapel from eight till nine o'clock a. m. Because of the illness of Dr. Wishart, the Rev. John Bruere, Dean of Men of the College of Wooster, presented Dr. Wishart's second exposition from St. Paul's letter to Philemon on the theme: "Christus Liberator:" "Underground Railway." Rev. W. Russell Gilmore dismissed the gathering with prayer.

SYNOD IN SESSION

Synod reconvened at 9:00 a. m. The devotional service was conducted by Rev. Jesse Halsey. Rev. C. W. Donaldson, Presbytery of Toledo led in prayer.

The minutes of Tuesday's session were read by Permanent Clerk, Rev. Frank M. Patterson and were approved.

Rev. Harry W. Barr was appointed by the Moderator to convey to Rev. S. M. F. Nesbitt, a former Moderator, the greetings and best wishes of the Synod. Dr. Nesbitt has been confined to his home for the past year.

Rev. Walter S. Kilpatrick was appointed by the Moderator to convey Synod's greetings to the Ohio State Christian Endeavor Convention in session at Bellefontaine. The Moderator and Stated Clerk were instructed to telegraph greetings.

The Committee on Bills and Overtures reported. The following overture was read from the Presbytery of Toledo:

Whereas the Standing Rules of the Synod set up no hard and fast rules for the program and docket of the Synod;

And where there is a growing feeling among the members of Synod that the four days is too long a time to spend for the transaction of the business of Synod;

And whereas a shortening of the length of the session of Synod would make it possible for more Elders who are actively engaged in business to attend the meetings of Synod;

And whereas a shortening of the time of the meetings would materially reduce the cost of the meetings;

Therefore the Presbytery of Toledo respectfully overtures the Synod of Ohio, in session at Wooster, Ohio, June 23-26, 1941 to appoint a Committee to re-examine the program of Synod, with a view to shortening the time of the meetings of Synod, thus reducing the cost, and yet conserving all the values of the Summer Synod of the Conference type held at the same time and place as the Synodical.

Done by the Presbytery of Toledo in session in the Collinwood Avenue Church, Toledo, Ohio, January 27, 1941.

The Committee recommended "No Action." The recommendation that Synod take "No Action" was adopted.

The Judicial Committee reported through the Chairman, Rev. Robert H. Rolofson that no business had been brought to its attention, therefore had no report. The report was received.

The Vice-Moderator, Judge S. C. Wright was invited to take the chair.

FOREIGN MISSIONS

The report of the Committee on Foreign Missions was presented by the chairman, Rev. Robert H. Rolofson.

Pending action on the report Rev. John A. Stuart presented the missionaries residing in Wooster to the Synod. Dr. Charles T. Leber, Secretary of the Board of Foreign Missions addressed Synod. The report was received and recommendations including a resolution of gratitude to Miss Ann T. Reid were adopted.

Your Committee on Foreign Missions begs leave to submit the following report:

We rejoice that none of our 153 Stations in sixteen countries have been closed and that all are adequately manned. The Board has given its missionaries in the war-cursed countries the option of returning home to safety or remaining in the midst of grave personal dangers. Despite the fact that some have been imprisoned for their faith, all have united in choosing to remain at their posts. Only the wives of missionaries who have small children and missionaries in frail health have been evacuated; indeed, the personal courage and faith of these men and women of God will shine as a beacon light in the history of this dark and troubled era.

We at home should be inspired by the example being set by these representatives of Christ abroad, and we should back them as never before in our prayers and with our gifts.

In the matter of promoting the cause of missionary interest, we have several suggestions to offer.

(1) That in the phraseology of the Assembly's Standing Committee on Foreign Missions, "the crux of the whole problem of support of the missionary enterprise is in the minister of the local church. We believe that the people of our churches will in the long run be no more and no less interested in, and faithful in the support of, missions, than their pastors. The fruitfulness of the work of the Home Base Department will be determined by the cooperation of the ministry."

(2) That consideration be given in the Presbyteries to what might be called "a Four-Board Presentation by Pastors." This plan as previously executed in at least one of our Presbyteries is set up somewhat in this manner. A central Committee arranges for one fourth of the pastors to prepare messages on the achievements and needs of the Board of Foreign Missions, another fourth to prepare messages on

National Missions, etc., so that all the pastors are involved, each having prepared to speak on the work of one of the Boards. Then at four consecutive midweek services, each church hears one of these messages. Thus all of the churches will be given a glimpse of the work of all the Boards.

(3) That individual churches seek to extend missionary education among young people in every way possible. Likewise that no opportunity be lost in presenting to them claims of missionary service.

(4) That every pastor give strong and frequent emphasis to the Foreign Missionary cause throughout the year. That churches be assured that since Board Secretaries and Missionaries are not always available, the Foreign Missions Chairmen throughout the Synod are eager and ready as are many pastors, to speak for this cause when so requested.

(5) That each church create a Foreign missions Committee and in its annual planning conference, see that this great project is given an appropriate place in the year's plans.

(6) That full advantage be taken of every opportunity to awaken the interest of MEN in Missions. In this connection let it be remembered that November 16th is Men and Missions Sunday.

(7) That Pastors and Sessions recognize the strategic value of what our "loved and lost" Dr. Bible used to call "watering the roots." That is, to intensify missionary promotion and education among those at the center of the congregation's life.

(8) That consideration be given to the advisability of occasional joint meetings of the Presbyteries and Presbyterials.

(9) That full use be made of the promotional and educational methods provided or suggested by the Board; Foreign Affairs Convocations, Foreign Affairs Bulletin, the study books, the Year Book of Prayer, the Loan Library, visual aids, etc.

(10) That the paramount factor in this whole matter is a deeper sense of the world's need for Christ, and that without it, any plan or program, however well perfected, will bear little fruit.

Your Committee recommends:

(1) That every church in the Synod shall appropriately observe the World-Wide Communion Sunday, on October 5.

(2) The desirability of Synod's Executive Committee advising with the Synodical officers on a plan whereby appeals for funds from Youth Groups may be clarified and simplified.

(3) That all of our churches in the Synod cooperate fully in the raising of funds for the Presbyterian United World Emergency Fund.

(4) We note with chagrin that the gifts of our Ohio Churches for Foreign Missions were slightly less in 1940-41 than during the previous year, and we recommend that Pastors and Sessions earnestly seek to correct this trend.

(5) That in view of the fact that Miss Ann T. Reid has served the Board of Foreign Missions as a Secretary since 1920 and retires this year, that the Synod shall send her a resolution of gratitude.

That the sum of $250.00 be appropriated by the Synod for the promotional work of this Committee.

ROBERT H. ROLOFSON, Chairman

Resolution of gratitude to Miss Ann T. Reid, from the Synod of Ohio.

Recognizing your invaluable services to the Central Area of the Board of Foreign Missions of the Presbyterian Church in the U.S.A., the Synod of Ohio, in session at Wooster, Ohio for its 60th annual program,

desires to add its unqualified tribute, on the eve of your retirement from active duties.

We have valued you as a friend, profited by your wise counsel and respected your indefatigable efforts in the Cause of Christ. May the years of your retirement serve as a treasure house of happy memories of friendships made in our midst. Your practical suggestions and effervescent good humor will bear fruits for years to come. The latch-strings of our hearts will ever be open to you in the broad Synod of Ohio.

REV. DWIGHT R. GUTHRIE
REV. JOHN ALVIN STUART
Special Committee

On motion the Moderator was asked to convey the greetings of the Synod to the Synodical Society.

The Rev. Jesse Halsey presented Rev. J. Walter Malone, Vice-President of the Presbyterian Theological Seminary, Chicago, Illinois, who addressed Synod on the important factors in training the Church's leadership.

MINISTERIAL RELATIONS
(Vacancy and Supply)

The report of the Committee on Ministerial Relation was presented by the chairman, Rev. Edward W. Ziegler.

The report was received and the recommendations adopted.

The Committee on Ministerial Relations presents this summary of the mimeographed report distributed to Synod.

Because of the nature of the responsibility much of the work of the various chairmen of Ministerial Relations and Vacancy and Supply cannot be reduced to statistics, but available figures do tell an interesting story. During the past year, members of the committee have held approximately 321 interviews with clergymen and church groups. The General Presbyters have assisted in this work with tireless devotion and deserve the gratitude of Synod. At the present time there are 39 vacant churches in Synod. Insufficient financial ability seems to be the primary obstacle in the way of filling many of these vacancies.

Among many of those who are devoted to and experienced in the work of Ministerial Relations and Vacancy and Supply, there is a growing feeling that some of our most serious difficulties will continue to exist until modifications are made in our Presbyterian machinery and in the attitude of both clergymen and churches toward the subject of the placement of ministers. Some comments of the minister-members of the committee indicate that sentiment: "Make it mandatory for churches to hear and act upon the recommendations of the M. R. and V. & S. Committees." "Give our committee of Synod more power and emphasize the exchange of pastors." "Synod's General Presbyters, the chairmen of the committees on M. R. and V. & S. should form a council to which Episcopal powers should be given." Some situations can be adjusted by friendly counseling, but in many instances there are elements that simply will not respond to such counseling. It often happens that churches become weaker and weaker and ministers become

more and more discouraged because there is no practical arrangement whereby authority may be used to bring about the necessary changes or adjustments. Synod's committee urges clergymen and laymen to spend much time in thought and fruitful discussion of this problem.

The Committee expresses to ministers and churches its appreciation for the faith they have had in the sincerity and judgment of its members, and the members pledge themselves to keep the confidences shared with them, and to use their best efforts on behalf of those who seek their assistance.

The following recommendations are presented:

(1) That the mimeographed report be received and a digest thereof be made a part of the Minutes of Synod.

(2) That Synod approve the action of the committee in electing E. W. Ziegler of Marion Presbytery as a chairman for a period of 3 years.

(3) That Presbyteries be requested to set aside one hour of a meeting within the next year in which to have a presentation and discussion of the problems of the work of the committees on Ministerial Relations and Vacancy and Supply.

(4) That Synod urge the Presbyteries to exercise the greatest possible care in receiving men from other denominations. The basis for this recommendation is the fact that many of the difficulties arising in the field of Ministerial Relations spring from the inadequate preparation of a minister, or his ignorance of Presbyterian procedure or both.

(5) That Synod urge the Presbyteries to see to it that vacant churches use the "Procedure for Vacant Churches" prepared by the Vacancy and Supply Committee and approved by Synod.

E. W. ZIEGLER

A report of the work of the Presbyterian Historical Society was presented by Rev. Charles L. Zorbaugh. The report was received and the recommendations adopted.

The Ohio Presbyterian Historical Society, which serves the Synod of Ohio as its Committee on History, has held three meetings during the year: at synod in June, in Ashtabula in November, and in Cincinnati in October.

The first meeting was held in this room during the meeting of Synod a year ago. This is to be the rule. It is the annual meeting of the society, and holding it in connection with the meeting of Synod makes it possible for men and women attending the synodical meetings of the week to drop in and get acquainted with the society and its work.

The annual meeting this year will be held in this room at four o'clock this afternoon. Professor Robert S. Fletcher, of Oberlin College, is to speak on "The Pastoral Theology of Charles G. Finney." Around the year 1835 Lyman Beecher was at the head of Lane and Charles Grandison Finney, of Oberlin. There was a remarkable interplay between the two men and the two institutions. The Lane Exodus gave Oberlin its first class in theology. The meeting this afternoon is open to all persons, men and women, who realize the importance of historical research and are interested in the pioneer days of Presbyterianism in Ohio. All such are invited and urged to attend the meeting, hear Professor Fletcher, and identify themselves with the society. Our membership of fifty should grow to a hundred at this meeting of Synod. Dr. North is the secretary and will be glad to receive applications.

In Ohio, this has been a year of extraordinary historical interest for Presbyterians. It was the sesquicentennial year of Presbyterianism in Ohio, and was celebrated with an elaborate program staged by the Presbyterians of Cincinnati; as it was in Cincinnati, in the fall of 1790, that our first church was born when David Rice came to Cincinnati and organized the First Presbyterian Church. The celebration was a credit to us all. Thousands witnessed the beautifully staged pageant, heard the special sermons and addresses and contributed in one way and another to make it a memorable week. The Historical Committee of Cincinnati Presbytery spared no pains, with the result that we now have a published volume of the historical papers assembled for the celebration, a volume which will be of inestimable value in days to come. Our thanks are due to our brethren in Cincinnati for this permanent contribution.

Our third meeting was a notable one, held in the First Presbyterian Church of Ashtabula, with the enthusiastic cooperation of Dr. Rolofson, the pastor. It was publicized as a "Celebration of the Plan of Union of 1801-1837 entered into by the Congregational General Association of Connecticut and the General Assembly of the Presbyterian Church in the U. S. A." The principal theaters of operation of the Plan of Union were New York and Ohio, particularly the Western Reserve. It was notably embodied in the spirit and work of Joseph Badger, the first missionary, a Congregational minister who served both denominations, spent years at Sandusky among the Wyandotte Indians as a missionary of our own Western Missionary Society, and in the eastern end of the Reserve organized four Congregational and three Presbyterian churches, as follows:

Austinburg Congregational	Oct. 24, 1801
Hudson Congregational	Sept. 4, 1802
Hartford Congregational	Sept. 16, 1803
Warren Presbyterian	Nov. 19, 1803
Canfield Presbyterian	Apr. 27, 1804
Ashtabula First Presbyterian	Dec. 7, 1821
Gustavus Congregational	Apr. 27, 1825

We had, as was fitting, the hearty cooperation of our Congregational brethren. The celebration was a joint affair, with official delegates from both bodies, and representative speakers, both state and national. Dr. Hermann N. Morse came on from New York to speak for our National Board. The noon luncheon in Ashtabula First Presbyterian Church was attended by one hundred and fifty; the supper in the Austinburg Congregational Church by one hundred. Members of the Ashtabula Church gave funds which made it possible for the Society to dedicate that afternoon a bronze memorial tablet to Joseph Badger hanging on the sanctuary walls of First Church today, with the tribute:

"He lit a lamp in the Wilderness."

The Life Record

Joseph Badger was born in Wilbraham, Massachusetts, February 28, 1757. As a youth he served three years in the Revolutionary Army. Graduating from Yale in 1785, he was ordained in 1787 and settled in a pastorate. But his great work was not to be in New England. Commissioned by the Connecticut Missionary Society, he set out on horseback in November, 1800, for Ohio to begin his labors as the first missionary on the Western Reserve. Here to the scattered pioneers in the wilderness he brought the gospel, nor ever turned back, but gave the rest of his life to these labors. He sought out the settlers, organized them into churches, preached to the Indians, endured all the hardships of the wilderness, pioneered in the building of a new civilization, joined with other men in laying broad and deep the foundations of the Christian church in the Western Reserve, and in the end fell on sleep at Perrysburg, Ohio, in 1846, at eighty-nine years of age.

His work was as important to Presbyterians as to Congregationalists, and over his grave today is a shaft of special interests to this Synod, for it was erected by one of the constituent synods which preceded the organization of the present Synod of Ohio, viz: the Western Reserve Synod,—the Synod to which Joseph Badger belonged under the Plan of Union, as did the great body of all our churches on the Western Reserve, both Presbyterian and Congregational. It is a shaft which, in letters growing faint now with age and weather, one reads this legend:

REV. JOSEPH BADGER
First Missionary
Upon The
Western Reserve
Born February 28, 1757
Removed
To the Reserve in 1800
Died
April 5th, 1846
Erected By The
Synod of Western Reserve

Recommendations

We recommend that Synod congratulate the Presbytery of Cincinnati on its very distinguished celebration of the Sesquicentennial of Presbyterianism in Ohio, and in particular, on the publication of the important volume of historical papers produced in connection with the celebration.

That Synod approve and encourage the Ohio Presbyterian Historical Society, as its committee on History, in all efforts to discover and preserve the important source materals on pioneer Presbyterianism in Ohio;

That Synod authorize the Council of Synod to assist in the work of the Society with expenditures from Synod's funds not to exceed, for the coming year, the sum of Eighty Dollars.

Respectfully submitted,
CHARLES L. ZORBAUGH, Chairman

SOCIAL EDUCATION AND ACTION

The Committee on Social Education and Action presented report through Chairman, Rev. Harvey E. Holt.

Pending action on the report, Synod was addressed by Elder Harrison M. Sayre.

The report was received and recommendations adopted.

I. Your Committee on Social Education and Action recommends to Synod the adoption of the pronouncements of the General Assembly of 1941 on Social Education and Action in toto.

II. Relative to the problems of Social Education and Action in the Synod of Ohio your Committee urges special attention of the Churches and ministers to the following:

1. Recognizing that the ultimate solution of the liquor problem lies in educating the public to the evils of intemperance and looking

toward voluntary discipline, your Committee urges, however, that at present the churches give ardent support in behalf of legislation for the control of, and wherever possible the elimination of the liquor traffic. Attention is called to the fact that the Legislature of Ohio must begin again its consideration of this problem with the next legislative session.

2. Because of the present unchristian discrimination against racial groups the churches are urged to exercise themselves in behalf of equality of rights of employment for all, irrespective of race or color.

3. Since the present state of the nation makes acute the problem of the church's relationship to its youth, it becomes necessary for the Church to provide spiritual safeguards for its young men taken from home by conscription, or volunteer enlistment. We urge: (a) that active support be given the movement to provide centers of wholesome recreation and religious fellowship near the war-camp areas; (b) that adequate support be given for the care of those young men confined to camps by conscientious objection to military service (Such contributions will be received by the Stated Clerk of the General Assembly for proper distribution); (c) that we do not forget nor cease responsibility for young men in C.C.C. camps.

4. To strike deeper at the problems of building the Christian home and to meet the acute situation regarding marriage that has risen with military conscription, we suggest that presbyteries hold conferences under trained leadership for guidance in pre-marital counselling and to establish standards regarding the sanction of the church on marriage.

5. Regarding the problem of labor, it is our belief: that every church should observe Labor Sunday; that churches give careful consideration to the representation of labor on church boards; that it is the responsibility of church leaders, ministers and laymen, to encourage contacts for mutual understanding and fellowship with leaders of labor.

6. In view of the nation's trend toward war, the churches are reminded of the necessity of being alert to the danger of compromising the Christian position. The Church is the agent of love and mercy and redemption; it is responsible for the preservation of faith in God and His righteousness, and for the preservation of the best of our heritage for the day of reconstruction. It is our grave responsibility to guard the liberties, and even more the personalities, of individuals who will inevitably suffer from the hysteria of war.

7. We suggest that churches explore the resources and depths of worship for the quickening of social conscience and motivation and for the undergirding of social action.

8. We remind the Church that it risks in the diverting of its attention by the war, the forgetting of its responsibility for the rehabilitation of all who have been confined to the penal institutions of the State.

9. We urge the churches of Synod to give greater attention to the physically handicapped and defective of the community, sharing with them the encouragement of love and fellowship, and giving to them increased assistance toward self-support in life.

10. We suggest that an effective means for social education for local churches would be the distribution to all members of the new pamphlet, "Deliverances of the General Assembly, Relative to Social Education and Action, 1910 to 1940." These can be secured without cost.

11. Believing that the Church has a privilege in assuming leadership in community cooperation toward social betterment, and believing that thoughtful persons tend to agree that community coordination,

on all levels, from the local neighborhood to the world community, is a great need of the hour, we suggest that local churches actively participate in the state programs of citizens committees, in all matters in which there is no compromising of the Christian conscience, such as is now being organized under the Ohio Commission for Democracy (of which H. W. Nisonger, Columbus is Secretary, and Harrison M. Sayre, elder of the Broad Street Presbyterian Church, Columbus, and member of Synod's Committee on Social Education and Action, is chairman.) We suggest this and similar movements as fertile fields for church leadership.

The churches have the plants and physical equipment to begin at once in community leadership. "As someone has said: 'It is as important to have lights burning in school buildings by night as to have flags flying above them by day'; so also it is socially urgent in this present crisis to open the doors of our churches throughout the week to meet the educational, recreational, social, and spiritual needs of the community."

"The chief physical resources of the churches of America are 60 million laymen. Churches can greatly clarify their thinking and encourage their good works in the community by simple, effective techniques."

"The glory of our Church in the past has been its courage and flexibility. Schools, colleges, hospitals, missions, pension plans and a myriad of social movements were 'invented' by our forefathers to meet the needs of their times." We can have similar courage and imagination in meeting 20th century needs. To do so it will be necessary for each church to re-think its program, as a whole, and in all its parts, to meet the greatest needs its members are feeling, the greatest needs they see in the community.

Recommendations

1. We recommend the establishment of two regional conferences in the autumn to be conducted by the Synod, through its Committee on Social Education and Action, for the study of the church's relationship to the political and social order, looking toward the church's contribution to a world order which will incorporate the principles of Jesus Christ. (A good precedent is set for this in the Malvern Conference.)

2. We recommend that the standing rule on Permanent Committees, section 15 (2), be changed to provide that the Synodical Secretary of Social Education and Action be made a member of Synod's Committee on Social Education and Action, due notices having been given at the last meeting of Synod.

3. We recommend that notice be given of the desire to change the standing rules on permanent Committees so that the Chairman of Synod's Committee on Social Education and Action should be made a member of the program committee of Synod. We would also suggest to Presbyteries the advisability of making the Chairman of Presbytery's Committee on Social Education and Action a member of the Council of Presbytery.

Proposed Change in Standing Rules Sec. 12. Program and Docket: To add to Section after Board of Pensions; Social Education and Action, etc. shall constitute a program committee. . . .

4. We recommend that Synod's Committee on Social Education and Action be allowed $125 for expenses in this year's budget.

Overture

from the Presbytery of Wooster to the Synod of Ohio, regarding a Union Convocation with the United Presbyterian Synod.

To THE STATED CLERKS in THE SYNOD OF OHIO,
GREETING:

The attention of your Presbytery is respectfully called to the following:

"Whereas, the United Presbyterian Church has long been closely allied with the Presbyterian Church in the U.S.A. in Faith and Government, and,

"Whereas, friendly relations and filial interests have long existed between us,

"Therefore, be it resolved, that the Presbytery of Wooster, in Stated Meeting in the First Presbyterian Church of Mansfield, Ohio, this 23rd day of September, 1940, hereby respectfully overtures the Synod of Ohio, meeting in Wooster in June, 1941, to extend greetings and an official invitation to the Synod of Ohio of the United Presbyterian Church to meet with them in Wooster in 1942 for simultaneous business sessions, and to join with them in a United Convocation program at the College of Wooster."

NEWLAND C. ROY,
Chairman of the Committee on Christian Education of the Synod of Ohio

WILLIAM RALPH HALL,
Representative of the Board of Christian Education

RECOMMENDATIONS OF COMMITTEE

(1) That the three Christian Education objectives decided upon at the Synod planning conference be stressed this year. They are as follows:

a Each Church Session appoint a Committee in Christian Education whose responsibility will be to plan, promote, and guide the Christian Education program in the local church.

b Leadership education be promoted with special emphasis on each Church having at least one First or Second Series Training class this year.

c That every effort be put forth to strengthen the Christian family.

(2) That all our churches avail themselves of the leadership development opportunities offered by our Young People's summer conferences, and the Wooster Training School. Special attention is called to a new course being offered this year on the Rural Church.

(3) That full cooperation be given in the two Faith and Life Seminars being held in the Synod at Belden Hotel, Canton Nov. 3d and 4th, and Zane Hotel, Zanesville Nov. 5th and 6th. These are being held for the presbyteries of Athens, St. Clairsville, Zanesville, Mahoning, and Steubenville. Also the four Inter-Board Conferences to be held for the Children's workers in the presbyteries of Mahoning, Zanesville, and Columbus Oct. 13-16.

(4) That pastors and Churches cooperate with the Publication Dept. of the Board of Christian Education; so as to get the fullest benefits from the itinerary of Miss Lucile Desjardins as she visits the churches of Synod this year.

(5) That all our Churches take full advantage of the United Church School Advance to strengthen the Christian Education program in the local churches and in reaching the unreached.

(6) We urge that Stewardship and giving be stressed in our churches; so that the rise in national income will be reflected in increased giving. The Board of C. Ed. will improve and extend its services as increased income makes possible.

(7) That the proposed addition to constitution recommended and read last year be finally adopted. The part added is "The Moderator of the Youth Council of Synod shall also be an ex-officio corresponding member," page 474, 1940 Synod minutes.

(8) That the Constitution of the Youth Council of Synod be printed in the 1941 Synod minutes.

REPORT OF THE TRUSTEES OF THE OHIO PRESBYTERIAN BOARD OF HOME MISSIONS

Herewith is presented to the Synod the Annual Report and Financial Statement of the Secretary-Treasurer of the Ohio Presbyterian Board of Home Missions.

During the past year an additional payment of $600.00 was made on a non-interest bearing note held by the Trustees against Toledo Presbytery. This leaves a balance of $796.32 on this note, and we are assured by the Trustees of the Presbytery of Toledo that this amount will soon be met. With this payment completed, the note of Dayton Presbytery having been paid in full several years ago, and the two lots on Neil Avenue turned over to the Trustees by the Westminster Foundation, the $10,000 obligation of the Westminster Foundation will have been completely liquidated without loss to our trust funds except interest over the intervening years.

The obligation of Mahoning Presbytery with a balance due of $4,150 is still unadjusted. Judge Hurin, after careful study of the Freeman will, feels that any sacrifice of our claim other than interest would be malfeasance on the part of your Trustees, would be contrary to the stipulations of the Freeman will, and might lead to possible litigation should the heirs of the Freeman estate raise the legal question. We are therefore hoping some disposition on the part of Mahoning Presbytery to accept their clear responsibility may lead to an early adjustment of this claim.

The term of M. L. Milligan, President of the Ohio Presbyterian Board of Home Missions Trustees expires with the current year and your Trustees respectfully suggest his re-appointment to succeed himself.

Respectfully submitted,
R. J. KIEFER, Sec'y-Treas.

The Standing Rules

DELEGATES AND MEETINGS

1. The Synod of Ohio shall be composed of equal delegations of ministers and elders, elected by the Presbyteries. The basis of representation shall be the whole number of ministers on the roll of the Presbytery, and the ratio one minister and one elder for every six ministers enrolled, and for any additional fractional number of ministers equal to three.

2. The Synod shall meet annually, at the time and place designated at the last meeting, or, if this shall be impracticable, then at such time and place as the Moderator and Stated Clerk of the Synod shall appoint.

OFFICERS

3. The officers of the Synod shall be a Moderator, a Stated Clerk, two Permanent Clerks, a Temporary Clerk, and a Treasurer.

MODERATOR

4. The Moderator shall be elected annually by ballot, except when there is but one nomination, and it shall require a majority of all the votes cast to elect. His duties shall be such as are defined in the General Rules for Judicatories of the Presbyterian Church.

CLERKS AND DUTIES

Stated, Permanent, and Temporary

5. The Stated and Permanent Clerks shall be elected by ballot, and shall serve, the Stated Clerk five years, the Permanent Clerks three years. The terms of the Stated Clerks shall be reckoned from 1922, and those of the Permanent Clerks from 1923 and 1924. The Temporary Clerk shall be chosen upon the recommendation of the Stated and Permanent Clerks, and shall serve for one year as their assistant.

6. It shall be the duty of the Stated Clerk to give due notice of the time and place of each meeting of the Synod. He shall, at the opening of the Synod, place in the Moderator's hands a complete docket of all the business to come before the Synod. As soon after adjournment as practicable, he shall publish the proceedings of the Synod, and in doing so shall have authority to abridge the reports, except such matter as has been adopted, so far as may be done without limiting their historical value. He shall furnish a copy of the printed Minutes to each delegate to the Synod, to each minister and church session in those Presbyteries which have paid in full the synodical apportionment, to the officers of the Women's Missionary societies, to the Secretaries of the Boards, and to the church papers. To others the fixed price of the Minutes shall be thirty cents per copy.

7. It shall be the duty of the Permanent Clerks, with the assistance of the Temporary Clerk, to secure a faithful report of all the

proceedings of the Synod, and deliver the same to the Stated Clerk upon the final adjournment of the Synod.

8. The Stated and Permanent Clerks shall constitute a committee of enrollment, which shall make out the roll of the Synod from the commissions and certified lists of delegates furnished by the Stated Clerks of the Presbyteries.

9. (a) The compensation of the Stated Clerk shall be five hundred dollars, and of each of the Permanent Clerks thirty-five dollars, and of the Treasurer, one hundred dollars per annum.

9. (b) All salaried officers and employees of the Synod of Ohio reaching the age of seventy years, shall at the next subsequent meeting of the Synod become ineligible to further service.

TREASURER

10. The Treasurer shall be elected by ballot, and shall serve for three years. The official terms shall be reckoned from 1923. He shall deposit the funds belonging to the Synod with a responsible banking institution, in which an account shall be opened in his name as Treasurer of the Synod; he shall present at the annual meeting his report, accompanied with the vouchers and bank book, balanced and settled up to date, all of which shall be audited by the finance committee. He shall be authorized to pay the salaries of the Stated and Permanent Clerks, and, upon the certificate of the Stated Clerk, all charges incurred, under the orders of the Synod, and the railroad fare to and from the Synod of the chairmen of the permanent committees when these are not delegates to the Synod.

11. Officers of the Synod, and committeemen when their reports are under consideration, shall have the privilege of the floor.

PROGRAM AND DOCKET

12. The Moderator, Stated Clerk, Chairman of General Presbyters, the Chairmen of the Synod's Permanent Committees on the Board of Foreign Missions, the Board of National Missions, the Board of Christian Education, the Board of Pensions, together with the program committee of the Women's Synodical Society, the retiring Moderator and pastor of the entertaining church, shall constitute a program committee, who shall prepare the docket, and arrange the program for the meeting of the Synod. The Moderator shall be, ex-officio, the chairman of this committee.

13. Each annual meeting of the Synod shall be opened with a sermon by the Moderator, or, in case of his inability to serve, by some other member of the Synod selected by the committee of arrangements. The morning sessions shall begin with a devotional service, continuing for at least thirty minutes, and the committee of arrangements may provide for the celebration of the Sacrament of the Lord's Supper at or near the commencement of each annual meeting.

MODERATOR—DUTIES

14. At each meeting of the Synod the Moderator shall appoint the following Standing Committees:

(1) Bills and Overtures;

(2) Judicial Business;

(3) Leave of Absence; each to consist of three ministers and two elders;

(4) Finance, three elders. It shall be the duty of this committee to audit the Treasurer's accounts, and to recommend for adoption by the Synod an apportionment to meet the expenses of the Synod. In case of failure any year to make this apportionment, the rate shall be eight mills for each communicant in the several Presbyteries as given in the last published Minutes of the General Assembly. All committees, and others, are directed to make their wants known to the Standing Committee on Finance not later than Wednesday evening that proper action can be taken, and recommendations be made.

(5) On the place for the next meeting of the Synod, two ministers and one elder.

(6) As many committees on the records of the Presbyteries as there are Presbyteries in the Synod, each committee to consist of two ministers and one elder.

(7) To nominate members of the Synodical Council.

THE PERMANENT COMMITTEES

No member shall leave the Synod before its final adjournment without first having obtained permission from the Committee on Leave of Absence, which shall report to the Synod at the close of the sessions the names of all thus excused. The roll shall be called at the close of the final business session of the Synod, and the names of all absent without permission shall be printed in the Minutes of the Synod.
